In typical ICON Adventures style, we are taking the road less travelled (although not for long if you follow the predicted travel trends) to the small country of Montenegro, situated on the spectacular Adriatic Coast between

Greece and Croatia. This new tour offers a small group fully guided experience through Montenegro's wild landscapes, where every trail leads to rugged mountain vistas, deep ancient fjords, and rich cultural heritage.

Nestled in Southeastern Europe along the stunning Adriatic coastline, Montenegro is a captivating country that offers an abundance of natural beauty and cultural richness. One of the newest countries in the world (formed in 2006), Montenegro boasts a diverse landscape that ranges from idyllic beaches to rugged mountains and deep canyons, making it an ideal destination for hiking and nature enthusiasts.

This 10-day hiking and cultural tour will take you through some of the country's most breath-taking scenery, including the UNESCO World Heritage-listed Kotor Bay and the towering peaks of Durmitor National Park. We will visit Tara River Canyon, one of the deepest canyons in the world, and hike through the last remaining rainforest in Europe. All activities are included in our small group tours, but you have the flexibility to choose your level of participation.

We delve into Montenegro's rich cultural heritage and discover a vibrant tapestry woven from centuries of Roman, Venetian, Slav and Ottoman influences reflected in the country's traditions, monasteries, architecture, religion and cuisine.

Join us on this unforgettable journey through one of Europe's hidden gems, where every step reveals a new vista and every trail tells a story of Montenegro's natural and cultural richness.
